- Physically fit to deal with day to day manual and physical demands.
- Attention to detail.
- Good at adapting to different working environments.

Current Employment

Charterhouse School (March 2021-Present) – Groundsman (Full Time)

My role at Charterhouse School as a Groundsman, is to provide & maintain all sports surfaces. This includes, football pitches, lawns, golf course & all artificial surfaces. This role also includes tree work in our woodlands that surround the School.

Key responsibilities:

- To provide the highest standard of facilities and ground condition on all surfaces, in line with sports coaches and the Head Groundsman/Assistant Head Groundsman requirements.
- Maintaining machinery to manufacturer's standards to obtain first class results, including hand and ride on machines.
- Tractor and trailer work when carrying out jobs such as aeration of pitches and fertilizing.
- Grass cutting and strimming around ball stopping nets.
- Marking out pitches to specific requirements. These requirements may change due to teachers/coaches preferences.
- Helping with deliveries and manual handling of bags of fertilizer and seed bags ranging between 20-25kg.
- Prioritizing tasks to work in conjunction with the training timetable, across 12 pitches.
- Ensure all grassed and landscaped areas are all well-presented and maintained in all weather conditions.

Personal Profile Statement

Throughout my career as a Groundsman I have been equally confident of working in a team as well as independently. My employers and colleagues would describe me as hard working and to a high standard, reliable and personable. I have often been, commended for exemplary attendance and punctuality. I have gained a wealth of experience around quality, procedures and processes throughout my employment over the years and believe that such robust skills and knowledge would be a great benefit to my new employment position. Although my latest experience is in the sports turf industry, the experience I have accumulated gives me the versatility and flexibility to adapt to different work situations.
