Personal Statement

My name is Drew Wighton and I am 22 years old. I am a hard working motivated individual with the ability to work not only in a team but extremely well using my own initiative. I always work up to the highest standard to ensure work is completed to the best of my ability whilst following health and safety rules/regulations. I am a very approachable person who can adapt quickly to different situations whilst learning new skills.

Key skills & qualities

Friendly
Good team work
Reliable and trustworthy
Flexible

Education

National 4 Maths
National 5 English - C
National 5 RMPS - C
National 5 Metalwork - A
National 5 Leading sports activities
Higher PE - B

Interests

During my spare time I like to play football, attend the gym and keep active. I enjoy going to football matches and watching football on TV.

Work experience

Loch Lomond Leisure (June 2017 - July 2017)

I worked here for 6 weeks as a summer job after school for my uncles company, this involved selling tours and activities to the public. This helped me gain a lot of social skills at such a young age.

Downfield Golf Club (April 2018 - present)

I have worked at downfield for 6 years and gained plenty different experience in the greenkeeping industry working at this members run club from starting as a 16 year old apprentice and still working here at 22 years old.

During my time at downfield I have become confident as a heavy machine operator including tractors with attachments. I have also been part of many big projects at downfield during my time including building greens,tees, bunkers and a practice area.

Some other projects I have been involved in are drainage work (irrigation), turf jobs and tree work.

My day to day work includes all weather so I am able to work outside all year round and physically able as greenkeepint can be physically challenging I am no stranger to putting in the hard work.
